

ADORINI HUMIDOR BASIC BLACK M

Description

The modern and functional humidor from the adorini brand from the Basic series in size M impresses with its matt black look and versatility. With space for around 75 cigars or smaller cigar boxes, it offers an ideal solution for the safe storage of your cigars. The scope of delivery includes an analog hygrometer and a passive sponge humidifier. The hygrometer measures the humidity based on a metal spiral and is attached magnetically and flexibly to the lid of the humidor together with the humidifier. The humidor has matt silver hinges in the interior and a particularly strong sealing lip that ensures optimal humidity. A vertical divider allows additional subdivision of the interior.
